

Christmas Around the World Suitcase

To use this resource:

1. Print a suitcase for each student.
2. Students can color their suitcase, cut, and glue on the front of a folder or sheet of long construction paper.
3. Staple up the sides of the folder/construction paper to create a "suitcase".
4. Fill suitcase with souvenirs from the trip around the world.
5. Students can either color a tag from each country to glue on the front of the suitcase after visiting the location, or you can print the color copies for each student to put on the front.

Enjoy!
